Dear Posey:

About Tuesday, August 26th in Atlantic City you had better get the Elks to secure the date if they can. I would not want you to miss the game depending on me, because we are having quite a little difficulty getting the dates.

You asked about the cost of the Park and the lights. The arrangements we had with the American Legion was for each team to get one-third of the gross, they pay for everything out of their one-third. I am sure the City gave them the Park and the lights.

About the box score of the 26th I will have Kessler to send you another one, but Pearson did not take part in that game. He was hurt on the 22nd of June and has not played since.

Very truly yours,
